## WORK EXPERIENCE

### Sales Associate at Rossman Realty – 01/2023 to Present Cape Coral, FL

Prepared sales contracts and delivered final offers, closing statements, and deeds. Developed and maintained relationships with clients throughout the entire sales process.

### Field Service Representative at ECS Federal LLC. – 12/2018 to 04/2021 Mission Integration – 9<sup>th</sup> Intelligence Squadron, Beale AFB, CA

Provided technical client support, management, testing, and strategic assessments of artificial intelligence and machine learning technologies to support Air Force full motion video operations and senior decision makers. This includes conducting background research in evaluating the feasibility of and potential applications for new technological concepts, producing and presenting findings and recommendations to a team of colleagues and clients at the Under Secretary of Defense for Intelligence Algorithmic Warfare Cross-Functional Team. Assisted with technical program management and program development and drafted briefing materials overviewing government research and development efforts for both technical and public audiences.

### Senior Consultant at Booz Allen Hamilton – 06/2017 to 12/2018 Geospatial Analyst – 9<sup>th</sup> Intelligence Squadron, Beale AFB, CA

Conducted exploitation & analysis of Unmanned Aircraft System (UAS) full motion video (FMV) for dissemination in support of CENTCOM operations for dissemination to higher echelons and supporting units. Collaborated with the customer and aircrew on threat analysis and identification.

### Sergeant at United States Marine Corps – 03/2013 to 06/2017 Imagery Intelligence Specialist – MCAGCC Twentynine Palms, CA

Served as the FMV Intelligence Lead during multiple live fire exercises to prepare infantry units for combat deployments. Performed multi-sensor imagery exploitation to produce tailored IMINT products. Quality-checked imagery products before distribution and oversaw the professional development of imagery intelligence Marines, ensuring that they were proficient in the required imagery interpretation and analysis skills.

### Private to Corporal at United States Marine Corps – 03/2008 to 03/2013 Machine Gunner – Camp Lejeune, NC and Kings Bay, GA

Served as the Senior watch chief and Senior Watch NCO in RCT-8 Combat Operations Center. Supervised a crew of 10 in daily high-stress military war zone operations, including the evaluation, discipline, and cleanliness of our work environment. Assisted in security operations of nuclear weapons, submarines, and facilities.
